Grant application No. 1045

CANCER

To: The committee comprising Drs. Feldman, Gardner, Huebner and Jacobson

Subject: Herbert B. Herscovitz, Ph.D., Georgetown University, D.C.
New application No. 1045
"Effect of Cigarette Smoke Exposure on Developmental, Cellular and Molecular Aspects of the Immune Response"

History

A three year plan, entitle "The Role of the Macrophage in the Immune Response: Effect of Tobacco Products on Macrophage Function", submitted by Herscovitz was approved by the SAB in October 1972. The second renewal (Grant No. 877R2) was approved by the SAB in October 1974 at a level of \$25,515 for the period January 1, 1975 through September 30, 1975 when this grant terminates.

The new application (No. 1045) is a result of the success of the studies carried out in the three year period supported by Grant No. 877.

Request

Application No. 1045 requests \$46,675 for the first year of a three year study: estimates for the second and third years are \$47,000 and \$50,910, respectively.
